ProgressBook® GradeBook

ProgressBook GradeBook integrates real-time with all ProgressBook Suite applications, creating an efficient and easy-to-use student and classroom solution. Teachers take attendance, plan lessons, grade assignments and issue progress reports and report cards online. State standards, benchmarks and assignment indicators are tracked and used for easy standards-based grade calculations.

GradeBook tools: Teachers and administrators gain access to all student information including grades, assessments, progress and daily comments across all classes. Student and parent login history can be easily viewed, and attendance can be tracked daily or by period. GradeBook allows teachers to attach state standards to assignments and lesson plans so they can effectively, and efficiently, issue standards-based report cards.

GRADEBOOK WAS DESIGNED *for* TEACHERS *with* THE HELP OF — *teachers* —

Teacher Benefits: Student data automatically loads and updates in real-time from ProgressBook and other student information systems. This simplifies processes for student class transfers and eliminates dual grade and attendance entry between offices and classrooms. GradeBook makes calculating report card grades easy with its automatic calculation system, and its ability to track daily comments and parent contact notes.

GradeBook gives administrators the ability to run meaningful data reports on instruction, content mastery, attendance and parent involvement. Such information can then be used to increase differentiated, standards-based instruction by empowering teachers with valuable information. **Administrator Benefits**
